

Unemployment Insurance Announces Employer Seminars for Filing Quarterly Wage Reports electronically or via the Internet

Starting in August 2005, the Unemployment Insurance Division will be holding seminars throughout the State to distribute the new Windows based “Quarterly Wage Reporting System (QWRS)” software program to employers interested in filing their quarterly Unemployment Insurance (UI) reports electronically or via the Internet. The new “QWRS” Visual Basic program is easy to use, cost effective and it’s free. Beginning next week, you may begin registering for the seminars by going to www.hawaii.gov/labor/ui/index.shtml and following the QWRS online registration instructions.
